## Thermal Insulation

Thermal Insulation, in the whole car.

Thermal Insulation on the floor, and real wood can be installed

Thermal Insulation in the ceiling and walls.

## RHD Service

The service will be performed by a "retired" engineer from Volkswagen do Brasil who worked as Supervisor of the VW Bus assembly line,

you can read about him on our webpage: **[about us](#)**

## Taller Driver Seat

The seat is placed at the required height, it is fixed without height adjustment, we recommend between 10cm and 15cm, the higher the seats is, the closer the driver's head is to the roof of the car.

The best way to define this is for the tallest person to sit in a VW Bus T1 and using some books, find the lowest acceptable height and imagine a road with potholes.

## Disc Brake
